It is good for compliance officers to regularly review the CMS website for the “Provider Compliance Tips.” This section states that: “Provider Compliance Tips serve as a quick reference fact sheet to educate and provide high-level guidance to providers about claim denial issues and provide claim submission and documentation guidance. The tips cover Part A, B, and DME services with high Medicare improper payment rates. These tips are posted to the Medicare Learning Network and they are updated annually. The two websites are: (1) <https://go.cms.gov/2IpUkgi>, and (2) <https://go.cms.gov/2L2MECq>.
