I just returned from my second FBI Compliance Academy in Washington, DC. This was the 8th year that SCCE & HCCA and the FBI have partnered for this event. Every year, a lucky 50 people are selected from the 500+ applications we receive. The event is coordinated by Catherine Bruno, Assistant Director in the FBI's Office of Integrity & Compliance. This is the group with responsibility for the FBI's own compliance program, and they do a magnificent job.
