

T2J Physician Coding and Billing Cases Gone Badly T2J Physician Coding and Billing Cases Gone Badly

C.J. Wolf, Faculty, BYU.

April 20, 2021

- Coding and billing modifiers often bypass payor edits; discuss cases where this lead to problems
- Incident to is still a problem for physicians. We will walk through cases where this went awry
- Upcoding still occurs in physician practices. Discover cases where upcoding resulted in enforcement
