

W3G GRC Triangle: Governance, Risk, and Compliance W3G GRC Triangle: Governance, Risk, and Compliance

Regina Gurvich, Chief Compliance, Privacy, & Risk Officer, OMNI Ophthalmic Management Consultants.

April 21, 2021

- The hazards of not preparing for potential issues can have significant, long-term effects; neglecting to have a comprehensive risk management plan in place can compromise patient care, increase liability risks, and result in financial losses
- Integrating core concepts across risk domains, compliance processes, and engaging RM into the audit/investigation workflow
- Case study: Following through investigation of internal controls in evolving organization, review of potential mitigation steps, and associated outcomes
