

Report on Medicare Compliance Volume 30, Number 27. July 26, 2021

Chart: Billing for Cognitive Assessment & Care Plan Services

By Nina Youngstrom

In a July 15 *MLN Connects*,^[1] CMS reminded providers that Medicare increased payment for cognitive assessment & care plan services (CPT code 99483) to \$282 on Jan. 1 when they're provided in an office setting. The services are permanently covered when delivered by telehealth, and they have been added to the definition of primary services in the Medicare Shared Savings Program. Below is information on billing for cognitive assessment & care plan services, according to the CMS website.^[2]
