

Don't give up the ship! How to Find and Turn Hidden Privileging, Credentialing and Enrollment Risks into Treasure

Christa Bernacchia, Director of Credentialing, BerryDunn. Melissa Walsh, Senior Consultant, BerryDunn. Regina Alexander, Director, BerryDunn.

July 28, 2021

- Enhance attendee knowledge of key aspects of privileging, credentialing, and enrollment processes, including regulatory and payer requirements
- Understand commonly overlooked compliance risks associated with provider credentialing and enrollment processes
- Identify revenue integrity opportunities, mitigate financial impact of credentialing related claim denials, and barriers to care created by inefficient or siloed credentialing and enrollment processes
- Apply knowledge acquired from the presentation to asking the 'right' questions about the credentialing, privileging, and enrollment processes within attendees' own organization
