

Report on Medicare Compliance Volume 30, Number 41. November 15, 2021

News Briefs: November 15, 2021

By Nina Youngstrom

◆ CMS's supplemental medical review contractor (SMRC) has added two more targets to its list of audits. It is now auditing Medicare home health services and cataract surgery.^[1] They were added shortly after the SMRC announced an audit of audio-only telehealth services provided during the COVID-19 public health emergency.^[2]
