

Report on Supply Chain Compliance Volume 3, Number 5. March 05, 2020 FDA sends warning letter to Jimmy John's

By Sascha Matuszak

The United States Food and Drug Administration warned Jimmy John's Franchise LLC that the corporation has “engaged in a pattern of receiving and offering for sale adulterated fresh produce, specifically clover sprouts and cucumbers,” and that it has 15 days to make changes and report back to the FDA.^[1]
