

Leveraging Opportunities from Pandemic to Endemic; Capitalizing on this time to inspire compliance

Josh Clemens, Director of Compliance, Boys & Girls Village, Inc..

2022-04-12

- Discuss the changes in business and the likely long-term implications for compliance post COVID-19 in the new endemic world.
- Outline strategies to leverage the pandemic experience and ensure positive changes in ethics or compliance made during the pandemic stay embedded in culture long term.
- Discuss cautionary tales as businesses transition into endemic realities and the longer-term risk impacts created by the pandemic such as inflation, supply chain disruption, higher personal and organizational debt, reorientation of priorities, and pandemic fatigue.
