

Report on Medicare Compliance Volume 32, Number 28. August 07, 2023 News Briefs: August 7, 2023

By Nina Youngstrom

◆ **Clarification:** In the printed version of the July 31 RMC, the story on proposed payments for health-related social needs incorrectly stated that practitioners aren't allowed to bill both community health integration (CHI) and chronic care management for the same patient in the same month.^[1] CMS said instead that practitioners wouldn't be able to co-bill CHI and home health services for the same patient in the same month.
