Compliance Today - October 2023

Catherine Boerner (cboerner@boernerconsultingllc.com, linkedin.com/in/catherineboerner) is President of Boerner Consulting LLC, New Berlin, WI.

Free resources for cybersecurity

by Catherine Boerner

If you are looking for some updated cybersecurity resources, it is worth looking at the Health Industry Cybersecurity Practices (HICP) recently updated publications, training, and other resources.

"The Health Industry Cybersecurity Practices (HICP) is a publication produced by the public/private partnership between the U.S. Department of Health and Human Services (HHS) and the Health & Public Health Sector Coordinating Council."[1]

It has a special section for small healthcare practices with practical, low-cost solutions that you can put in place. The 405(d) Task Group has created "Quick Start Guides" to help steer you through HICP and ensure proper assignment of your resources to reduce and mitigate threats to your healthcare organization.
