

Auditing Ahead of the Auditors: A RAC, CERT, and TPE Prevention Program

D. Scott Jones, Chief Compliance Officer, Augusta Health.

March 31, 2020

- Audit ahead of the RAC, CERT, and TPE audits and denials! Learn how to develop a pre-audit program designed to identify risks and improve processes before denials take place
- CMS and their contractors send signals about their audit targets. Learn how to identify the next wave of audits before they appear
- Turn compliance into a revenue center. Successful preparation leads to successful RAC, CERT, and TPE audits and appeals that retain or regain lost revenue
