

The Accidental Compliance Professional Acknowledgements

I want to thank my greatest mentor Marc Dettmann, who taught me many of the lessons that you'll find in this book. I want to thank my family—Julie, Jessica, Abbie, Erin, and Anna—for helping me become a better person. Much credit for this book goes to Karen Latchana Kenney, who essentially cowrote it and made it so much better. There are way too many compliance mentors to thank, such as Dan Roach, Debbie Troklus, Sheryl Vacca, Margaret Hambleton, Odell Guyton, Joe Murphy, and Donna Boehme, to mention a few. Most of all I want to thank every compliance professional who has ever communicated with me. This book is essentially the result of all the wisdom you have given me. **RJS**
