

The Current State of Privacy and Security in the Changing World of HIPAA

Frank Ruelas, Corporate Responsibility Officer.

2023-06-23

- Identify the key changes introduced by the modifications to the HIPAA Proposed (or Final) Rule and how they will impact work processes
- Understand and use strategies to effectively audit and monitor the effectiveness of modified workflows to meet the new requirements
- Assess how the Privacy Rule changes may impact your organization's compliance with the HIPAA Security Rule
